

The AI Automation Code For Affiliate Marketers

The Checklists

Autopilot Blogging Checklist

- ☐ Choose and install your AI blogging tool
- ☐ Connect the tool to your WordPress site
- ☐ Set up categories and tags for your content
- ☐ Define your tone, style, and post length preferences
- ☐ Add a keyword list (or let the tool generate one)
- ☐ Configure image options (AI-generated or stock)
- ☐ Set your publishing frequency (weekly, twice a week, daily)
- ☐ Preview and edit the first few posts for quality control
- ☐ Enable automated publishing going forward
- ☐ Check analytics weekly and refine categories or keywords as needed
