

# The AI Automation Code For Affiliate Marketers

## The Checklists

# Autopilot Bonus Creation And Delivery Checklist

- ☐ Choose an AI tool (ChatGPT, Jasper, etc.) to create bonus assets
- ☐ Decide on the bonus type (checklist, mini-guide, template, etc.)
- ☐ Format the bonus into a PDF or digital file
- ☐ Add branding (logo, colors, or simple cover design)
- ☐ Upload the bonus file to your delivery platform (ThriveCart, Gumroad, WarriorPlus)
- ☐ Connect bonus delivery to purchase verification
- ☐ Create an automated email with the bonus link or access instructions
- ☐ Test the flow with a dummy purchase to confirm delivery
- ☐ Automate reminder emails confirming the bonus was received (optional)
- ☐ Keep a folder of AI-created bonuses for future offers
