

The AI Automation Code For Affiliate Marketers

The Checklists

Autopilot Email Checklist

- ☐ Select your email service provider (Aweber, ConvertKit, ActiveCampaign, etc.)
- ☐ Create core sequences: welcome, nurture, and promo
- ☐ Use AI to draft emails for each sequence
- ☐ Customize subject lines and calls-to-action for your offers
- ☐ Set up triggers for opt-ins, clicks, and purchases
- ☐ Tag subscribers automatically based on behavior
- ☐ Connect Zapier, Make, or n8n for advanced triggers (optional)
- ☐ Schedule emails to send automatically on your timeline
- ☐ Test the sequence to ensure all emails fire correctly
- ☐ Review reports and let AI rewrite underperforming emails
