

# The AI Automation Code For Affiliate Marketers

## The Checklists

# Autopilot Reporting And Analytics Checklist

- ☐ Select a reporting tool (Google Looker Studio, FunnelDash, etc.)
- ☐ Connect affiliate network accounts to your reporting tool
- ☐ Connect ad platforms (Facebook, Google, TikTok, etc.)
- ☐ Connect your email service provider for campaign data
- ☐ Use Zapier, Make, or n8n to automate data collection
- ☐ Set up dashboards for key metrics (clicks, conversions, ROI)
- ☐ Add AI summaries to translate data into plain language insights
- ☐ Schedule automated reports (daily, weekly, or monthly)
- ☐ Test reports to ensure all sources sync correctly
- ☐ Review insights and adjust campaigns based on findings
